MACY'S ANNOUNCES NEW EVERGREEN PARK LOCATION

Evergreen Park, IL, July 21, 2022 – Macy's has announced it will be opening its first dual Market by Macy's and Macy's Backstage at the Evergreen Plaza, located at 9700 S. Western Ave. Both stores will offer unique shopping experiences with Market by Macy's offering customers the latest fashion trends and Macy's Backstage appealing to those on the hunt for a great deal.

The store is set to open this fall and will utilize both levels of the former Carson's building. Market by Macy's will be on the first floor and Macy's Backstage on the second. "We're excited that Macy's will be coming soon to Evergreen Park," said Mayor Kelly Burke. "Macy's will deliver expanded fashion, clothing and home goods options that residents have been asking for. I am delighted that Macy's chose Evergreen Park for its first Chicago-area location for Market by Macy's."

Macy's will be hiring for a range of positions in anticipation of a fall 2022 opening and will offer competitive pay, merchandise discounts, and access to a debt-free education program for both part-time and full-time colleagues. New job opportunities will be posted on macysinc.com/careers as they become available.

"Macy's decision to come to Evergreen Park is a vote of confidence in our vibrant retail community. The new Macy's location will serve as a magnet for other great retailers to come to our Village," added Mayor Burke.

For more information about Market by Macy's, visit macys.com/marketbymacys. For more information about Macy's Backstage, visit macysbackstage.com. For more information about the Village of Evergreen Park, please visit www.evergreenpark-ill.com.
